Application for CNA Certification Card
!!! Personal checks are no longer accepted !!!

If you were certified before January 1, 2007 and have at least 8 hours of reported work in an approved direct patient care setting in 2005/2006, you will automatically be re-certified through December 31, 2008. If your were certified on, or after, January 1, 2007, your certification will lapse 24 months from your original certification date. For example, a CNA who is certified on 01/01/07 will expire 01/01/2009 unless he/she has work history reported during that 24 month period. It is now possible for you to check your certification via the Internet at our web site: www.labenfa.com. **Purchase of certification card is optional and not having one will not affect your certification.** Your work history determines your re-certification.

If you wish to purchase an identification card, you may complete the section below and mail it in with a \$10.00 Certified Check or Money Order to:

(Neither cash received by mail nor Personal checks will be processed!)
